Corinz is an antiseptic cleansing and moisturizing oral rinse that contains cetylpyridinium chloride (CPC) 0.05% to reduce bacteria. The all-in-one solution makes it easy for you to provide care to ventilated patients.

Comprehensive oral care addresses bacterial colonization of the oral cavity, dental plaque and aspiration. Help protect your patients from pneumonia risk with Sage Q•Care Oral Cleansing and Suctioning Systems.

**Sage Q•Care® Oral Cleansing and Suctioning Systems**

*Now with Corinz™ Antiseptic Cleansing & Moisturizing Oral Rinse*

**The one-step solution for ventilated patients**

Corinz is an antiseptic cleansing and moisturizing oral rinse that contains cetylpyridinium chloride (CPC) 0.05% to reduce bacteria. The all-in-one solution makes it easy for you to provide care to ventilated patients.

Comprehensive oral care addresses bacterial colonization of the oral cavity, dental plaque and aspiration. Help protect your patients from pneumonia risk with Sage Q•Care Oral Cleansing and Suctioning Systems.

**Cleanses & moisturizes**

Brushing and suctioning with an antiseptic agent kills2 and mechanically removes bacterial biofilms (dental plaque) from teeth and oral tissues. Antiseptic solution moisturizes thereby promoting compliance to protocol.

Optimizing care by driving Compliance

One facility had a VAP rate of zero for three straight years after implementing an oral care protocol that included Q•Care® Systems. A 4-year study found Sage’s oral care systems helped achieve a statistically significant 42.1% VAP reduction—avoiding $722,975 in costs.

**Toothette® Suction Toothbrush**

- Helps remove dental plaque, debris and oral secretions, all known to harbor potential respiratory pathogens.  
  - Available with sodium bicarbonate to mechanically cleanse.  
  - Swab on back of brush helps deliver cleansing solution.  
  - User-friendly thumb port provides easy suction control.  
  - Three suction ports to avoid clogging. Keeps open path for debris.

**Toothette® Suction Swab**

- Helps remove debris and oral secretions while stimulating oral tissues between brushings.  
  - Available with sodium bicarbonate to mechanically cleanse.  
  - Soft foam heads gentle on delicate oral tissues.  
  - User-friendly thumb port provides easy suction control.  
  - Non-suction swabs available.

**Covered Yankauer**

- Helps remove debris and secretions.  
  - Soft tip gentle on fragile oral tissues.  
  - User-friendly, one-piece design.

**Corinz™ Antiseptic Cleansing & Moisturizing Oral Rinse**

- All-in-one solution encourages self-care and makes the process quicker for nurses to provide care to dependent patients.  
  - Antiseptic solution moisturizes thereby promoting compliance to protocol.
