Easily transfer patients for OR specialty procedures
Sage
HalfMATS
Mobile Air Transfer System

Promotes easy transfer and positioning in the OR

We understand specialty procedures can have unique challenges. You shouldn’t have to worry when you transfer surgical patients from surface to surface in the OR. That’s why we designed HalfMATS to fit seamlessly into your workflow and address your transfer needs during specialty procedures so you can achieve the best possible outcomes.

Imaging capability
• Acceptable for use in MRI*, X-Ray, CT Scan, and ultrasounds

Operating room specialty procedures

Lithotomy positioning
• Gynecology
• Urology
• Cystoscopy

Orthopedic positioning
• Hip fracture
• Total hip replacement

Cradle inflation
• Cradles patient with 2-phase inflation and raises patient in one smooth motion

Quick Connect Valve
• Provides an easy, secure connection and a quick release

*Prevedon HalfMATS is MRI safe by rationale. The device is made from all non-metal materials; therefore MR safety testing was not performed. Compatibility tests did not show artifacts. Based on rationale, the HalfMATS is electronically non-conductive and non-magnetic.
HEPA Equipped Filter

- Tested and certified to perform to HEPA standards and is 99.97% efficient in processing 0.3 μm particles.

Microclimate Management Pad
- Effectively absorbs and locks in moisture to protect patient’s skin while allowing air to flow through.

Prevalon Air Pump
- Easily fits into the Prevalon Air Pump Cart for transport or in cabinets and shelves in patient room.

Easy Grab Handles
- Positioned along outer edges.

Patient placement positioning (Breakline)
- Ensures proper placement of the patient to promote workflow efficiency.

Hose Protection Sleeve
- Helps protect hose from environmental contamination.

Point of Care Power Switch
- Integrated into workflow to improve efficiency by allowing caregiver to focus on patient at the bedside.

Head placement indicator
- Provides easy guide to ensure proper head placement.

Integrated head support
- Inflation provides comfortable support for the head and neck.
Simple interventions. Extraordinary outcomes.

We are your partner for proven prevention. Our market-leading products solve real healthcare problems and are backed by clinical evidence. Our products allow you to deliver essential patient care with confidence by addressing risk factors that can lead to infections, skin injury, and caregiver injuries.

We are driven to solve real problems and make healthcare better for you and your patients.
