Save **Simply**

Trusted
quality

Simplified
supply chain

Added
value

100% guaranteed supply from one vendor, using one PO and one part number for new and reprocessed Sage Prevalon Mobile Air Transfer Systems (MATS)

How does the blended MATS program work?

Simply place an order for the blended MATS product through your Sage representative.

Why should I enroll in the blended MATS program?

- One vendor to order from
- One hundred percent fill rate
- Optimized collections
- Lower total facility cost
- Divert unnecessary landfill waste

Who is the supplier? Stryker or Sage?

Orders will be placed through Sage. Sage is a business unit of Stryker.

Cradle inflation

- Cradles patient with 2 phase inflation and raises patient in one smooth motion

Integrated head support

- Inflation provides comfortable support for the head and neck

Easy Grab Handles

- Positioned along outer edges

NEW Prevalon Air Pump

- Easily fits into the Prevalon Air Pump Cart for easy transport or in cabinets and shelves in patient room

New Quick Connect Valve

- Provides an easy, secure connection and a quick release

Hose Protection Sleeve

- Helps protect hose from environmental contamination

Point of Care Power Switch

- Integrated into workflow to improve efficiency by allowing caregiver to focus on patient at the bedside
